Seventies Quorum Held At Stirling

A very enjoyable quorum social was held at Stirling on Wednesday night when the 145th Quorum of Seventy met there in one of their annual socials. The Stirling group had made all of the arrangements and J. P. Barton was Program Chairman and presented the following numbers:

Words of Welcome—Clinton Hardy

Violin Duett—Henry Perrett and A. F. Zangg.

Comic Reading—Ronda P. Dahl.

Piano Accordion Solo—Mrs. Ellen Nelson.

Vocal Duett—Mr. and Mrs. Jas. T. Harker.

Comic Reading—Mrs. John Allen.

Piano Duett—Mesdames Emma Dahl and Maybelle Anderson.

Vocal Duett—Mr. and Mrs. Heber Perrett.

Violin Solo—Edw. M. Kiddie.

Wm. A. Anderson, senior President in attendance spoke briefly and encouraged the members in their labors.

Dancing was enjoyed then for an hour and a half with music by Mrs. Maybelle Anderson and Bishop Erickson and Thos. Allan. Virgil McKee directing.

A little before midnight lunch was served consisting of sandwiches, salmi, cookies and root beer. The party dismissed a little after twelve.

There was a very good attendance of members and their wives present numbering about 100 and all had a most sociable and enjoyable evening.

APPRECIATION

We want to express our appreciation to the many people of Raymond and district who have assisted in any way during the organization and erection, and opening of our fine new Municipal Hospital.

With you, we are justly proud of our fine new Hospital and its furnishings and appointments, and with it about ready to administer to the sick and ailing and want to express our thanks for all the help that has been received. The shower gifts and cash contributions are a great help and will help materially in furnishing the kitchen.

With your continued success, the success of the Hospital is assured.

The Hospital Board.

Officers of the Stake Mutual were in Stirling Tuesday night for the Ward Green and Gold Ball and report a large attendance and a very successful evening.

WARMING UP

Voices with that easy to listen to overtone are owned by NORMA LOCKE and ART HALLMAN, the two singers heard on the Mart Kenney Music Club program. Shown just before going on the air the singing pair join Mart Kenney and the Club's ensemble on Mondays, at 7:00 p.m. CDT, over CBC's Trans Canada network.

ANNUAL RED CROSS MEETING

The Annual meeting of the Raymond Red Cross will be held in the 2nd Ward Hall, Tuesday evening, Feb. 13th, immediately after the M. I. A. meeting.

Besides the reports of the officers and of Red Cross work done, there will be a report on the Blood Donors Clinic and Lieut. Lyle Peppiatt who recently returned from overseas will also speak. Everyone is invited.

Howard Meldrum of the Sugar City Motors was in Lethbridge on business Wednesday.

* * * *

Recently Here And Left. Milford Catherine—I don't know. But 10 people were overcome from the heat of the candles on the cake at her birthday party last night.

When the depression of the 30's was at it's height, a well known Southern Alberta farmer who was weathering the storm successfully, was asked to explain his success. He replied, "Well sir, I know I have learned through life that it usually pays to walk when most of the other fellows are running and usually when they start walking I figure it is about time for me to start running." Not bad logic perhaps in most cases.

Vote On Monday

MAYOR AND TWO COUNCILLORS TO ELECT

Voting will take place at the Town Hall on Monday for the election of a Mayor and two Councillors. Polls will open at 10 a.m. and Geo. E. Court is Returning Officer.

Nomination Day last Monday, resulted in the nomination of S. B. Card and William Jenson for Mayor. Both these men have had years of Council experience and have made a very fine record on that body.

Seven nominations were made for two vacancies on the Council, but before noon Wednesday one had withdrawn, leaving the following slate to chose from on Monday: J. O. Hicken, Paul H. Redd, Frank R. Taylor, Wm. W. Wilde, W. S. VanAlman and H. I. May.

Don't forget the date and all who are on the Voter's List should make an effort to get to the polls and express their choice as the men who are elected have a big job to carry to completion the program that all have committed themselves to.

Golden Wedding Anniversary

At the A. P. Scoville home last Tuesday evening, the Hicken family gathered to observe the Golden Wedding anniversary of Mr. and Mrs. Thomas Hicken. There were six of the children present, besides grand-children, other relatives and a number of immediate friends of the family.

Supper was served at 5.30 and the turkey feed with all the trimmings was enjoyed to the full by everyone. Following the supper the evening was enjoyed in conversation and games. The children presented their mother with a lovely wrist watch, and Mr. Hicken was presented with a purse of money containing over $100.00.

Mr. and Mrs. Albert Hicken and Mr. and Mrs. Asa Scoville were present of the family of Mr. Hicken's first wife, Mrs. Leah McKenzie of Medicine Hat, Mrs. Ora Nelson of Richfield, Utah, Bishop J. O. Hicken, and Mrs. Ruth Hicken and the families of the latter two.

Mr. Hicken is still hale and hearty at 92, and last year attended Sunday School in Raymond First Ward every Sunday for a perfect attendance record. Until his retirement he operated his farm just out of town. We extend our hearty congratulations to this pioneer couple and extend our best wishes for many more years of happiness together.

NEWS NOTES

The groundhog certainly didn't see his shadow in these parts. Wonder if it really means anything?

Hal McBride of the Moreantile staff has been in Calgary since the first of the week on business for the firm.

Monday is voting day. Mayor and two Councillors. Every person on the voter's list who can possibly will should do so and express their choice.

Miss Maurine Palmer was guest of honor at a shower in the 2nd Ward Hall Wednesday evening. She was the recipient of a lovely lot of beautiful gifts from her many friends. She is being married soon to Dr. Hoy, a recent medical graduate from the University of Alberta.

The office at the C.P.R. station is being made almost double the previous size by moving the west wall back. They have been crowded for office space for a long while and this will be a real asset in handling the steadily increasing business.

The Chinook tried to start Monday but got froze up early in the morning. Tuesday was quite cold, but Wednesday the Chinook really got to work and ice and snow disappeared like magic along with heavy coats and overshoes and caps with 'side curtains.' By Thursday morning the frost was coming out of the ground and mud and water in all the low places.

J. W. Evans is around again after being confined to his home for a week with a light attack of pneumonia.

Paul H. Redd was the speaker at Rotary on Monday and gave a very interesting review of current events especially the war picture as it exists in Europe.

About twenty Red and Anns were bowling Thursday night and everyone had a lot of enjoyment. Teams have been chosen and this will be a regular Thursday night event for the Club.

The Adult class of the First Ward M.I.A. held a dancing party Tuesday night and every one attending reports a very enjoyable evening. There was a large attendance amongst them a number of friends of 1st Ward people.

Mrs. Dean Larson received word early this week that P. O. Francis Coombs, a brother, air gunner in the R.C.A.F. was missing after operations on what is believed to have been the last flight of his tour. No further word has been received to date.

The "Gay Wednesday Nighters" Club met this week at the home of Mr. & Mrs. Clarence Hyde and the business of the meeting being taken over by Mrs. Gladys Hague. Ten club members were present and the husbands of the ladies arrived just in time to share in the delicious lunch that was served.

Charles W. Brewerton Passes Away

ELDER ALBERT E. BOWEN

Elder Albert E. Bowen of the Council of the twelve who will represent the General authorities at our Quarterly Conference on Feb. 17 and 18th.

Meetings will be in Raymond Saturday night and in Magrath Sunday. Welfare at 6.30 and Melchizidek Priesthood meeting at 8 p.m. Saturday night in Raymond.

General Priesthood meeting at 9 a.m. Sunday in Magrath and general session at 10 a.m. 2 and 7 p.m also in Magrath. More details next week.

THREE FLIGHTS DAILY
MAIL EARLY and OFTEN
TAKE ADVANTAGE OF EACH

Rapid transmission is the essence of Air Mail Service and on its part the Canadian Post Office takes every opportunity to improve schedules & facilities. It remains, however for business mailers themselves to enable their correspondence to reach its destination in the very shortest time, by eliminating delays before their Air Mail is actually posted. Valuable time can be saved and delivery expedited if patrons will space out their mailings and post their letters early and often rather than wait until the close of a business day.

Precious hours are wasted when an Air Mail letter lies unposted on a desk in a business office, when had it only been mailed in time to catch an early flight it might then be speeding on its way to its destination.

Obviously, if mailers all along the route wait until the close of the day to post their Air Mail to connect with the last plane and ignore the earlier flights, there will be overtaxing of the space on the last plane while the earlier flights may depart virtualy empty instead of carrying their proportionate loads and speeding delivery.

Frequent and early mailing throughout the business day with close attention paid to the closing times for the mails, whether for planes or trains, will gain valuable time. Each Air Mail flight or mail train depart ure missed while a letter remains unposted means that much longer before that letter can be delivered. Spaced out, early and frequent mailings result in early deliveries and aid business. On the other hand markets are lost when tardy postings result in vital letters arriving too late.

At 8 a.m. Thursday morning, Chas W. Brewerton, pioneer and highly respected church and business man where he had been for the past month or so at the home of his son Gordon. His passing came as a relief to six months of illness which had kept him almost completely confined to his room. About three months ago he underwent an operation which seemed to be very successful but he never regained his strength following same and gradually grew weaker until the end came.

Deceased came to Raymond from Payson, Utah in the early days of the settlement and about 1904 his wife and family joined him here and this has been the family home since. He had not been here long until he went into business for himself and was very successful in both the grocery and dry goods lines. He and the boys have been connected with and interested in the moving picture industry since the advent of this form of entertainment. He was loved and respected by all who knew him and he was always kind, considerate and a real gentleman under every condition. We extend our sympathy to the members of the family in their bereavement.

Funeral services will be held in the Raymond First Ward Chapel on Sunday afternoon at 2 p.m.

Miss Maurine Palmer who has been working in Edmonton for several years past has been a visitor at her parents home for the past week.

* * * *

Jesse Scoville, of Provo, Utah and an old-time resident of Raymond is renewing acquaintances after being absent for many years.

Good Crowd At Hospital Opening

In the neighborhood of 200 people attended the opening of Raymond's new Municipal Hospital on Saturday afternoon. Shortly after 3 p.m the Chairman, P. K. Morehouse called the group to order and started the proceedings. Fromm's amplifier had been installed so that everyone could heard all that took place.

After a few opening remarks by the Chairman, the following were all of them expressed their satisfaction in the completion and furnishing of such a fine and commodious building as we have here: A. W. Jones, E. E. Maxwell, Dr. Bow, Deputy Minister of Health, Dr. Madill, Miss Ford, S. I. May and Dr. Walker.

In his talk Dr. Bow said that the Municipal Hospital scheme which had its beginning in Alberta, was spreading rapidly and last year the Assistant United States Surgeon General was in Edmonton discussing the set up with Provincial Authorities and that it was now being introduced there. Ours was the 40th Hospital District in Alberta and nine more were in course of organization.

Bishop L. L. Palmer offered the dedicatory prayer at the beginning of the meeting and Rev. Marston offered the benediction.

The crowd then were taken thru the Hospital and inspected the rooms, furnishings, equipment and so on, and all who were heard to comment on the Hospital were high in their praise of having such a fine institution in our midst.

Lions Club Meeting

The regular meeting of the Raymond Lions Club was held in the 2 Ward Hall with Pres. Mutt Ralph in the chair.

40 members and 3 guests were present.

O Canada was sung and prayer was offered by Lion Golden Snow.

A vocal Solo by Genuine Wilde was first on the program which called for a second number.

Lion J. Harker also sang 2 solos These were enjoyed by all the members Mrs Emma Dahl accompanied both soloists on the piano

Lion Tamer J. Vanderhilt then led the members in community singing with Lion Casey Veen at the piano.

Lions J. Strong, J McLean, G Gibb J. Harker and Harry Fairbanks were appointed as a committee to arrange for a Leo's Night out entertainment.

Lion Myron Holmes showed the club members the Landscape Plans for the New Hospital and thought that the cost of the trees, lawn, grass etc would be around $300.

The Club decided to make the beautifying of the hospital grounds their next project.

Golden Snow introduced V. J. Platt and Ledel Roberts visitors, and Lion M. T. King introduced Lion Jesse Scoville as a visiting Lion from the States.

The Lions roar was given the visitors and new members present. 13 new members have recently been added to the club.

Lion M. T King read the report on the Carnival which showed a financial increase over last year.

The meeting closed by singing the National Anthem.

A meeting of the executive was held immediately following the regular meeting.

SIMPLIFY THE TAX STRUCTURE

When Samuel Johnson was coming the first English dictionary he defined an excise tax as "a hateful tax levied upon commodities." Oh Samuel was never a man to mince words and his definition is as true today as it was the day he wrote it.

In Canada we have a great number of these taxes which have been imposed since the war started. On matches and sugar and soap, on gasoline, tobacco, candy and soft drinks to mention only a few of the smaller and more common items—we pay an excise tax which in many cases is exorbitantly high. On millions of purchases made through out Canada each day an excise tax is collected. Yet the total of all these petty items came to less than eight cents out of every dollar of ordinary revenue that the Dominion of Canada collected last year.

Edmund Burke put it concisely when he said 'To tax and to please is not given to men." Mr. Ilsley, however, should not fail to realize that some taxes are more irritating to the taxpayer than others and create ill-will out of all proportion to the amount collected. Such taxes are a nuisance to the manufacturers, the retailer and the consumer. They cost more to collect and they act as a brake on the business of the whole country.

When the needs of war-time financing are less demanding than they are now—and may that day come soon—the Dominion Department of Finance should be prepared to simplify the tax structure. Elimination of these hateful taxes on commodities is recommended.

To The Ratepayers Of Raymond

Raymond Alberta
February 7, 1945

To the Ratepayers of Raymond.
Dear Payers:-

We have in "Raymond" a very noted town. I do mean that we are really noted for a number of things:

We are the largest town in Alerta.

We have a Beet Factary at our doorstep.

We have some truly fine public and church buildings.

We have a large recreational hall Now a nw hospital.

Thousands of dollars have been spent on these and other buildings to make the town better and a nice place to live. So that we here can take our place in the world proud to say "Raymond, Alberta."

Out-of-towners have us noted f r
Our loud smelling hard water.
Our fish ponds along the roads.
Our bumpy muddy roads.
Our overflooded irrigation ditches.
Our lack oof cement walks.
Our "NO" sower drainage.

This is enough of what we have here and that we could use some improvements. We have great possibilities of improvement. Let's stop talking and start doing.

People have asked me what I would try to do if elected. Well! I would try to be as level headed as possible and to bring about any improvement that you payers would want.

I would put my weight and energy to put in a main sewer from by the canal on the south to the disposal in the coulee out north-east. The rest of the town to be added to main line in definite progressive stages. Along with this to lay the main water pipe line following the same route where practicable. Then we would be in line to hard surface the two blocks of main street which have already been passed by the Town council. This then would allow all the business section access to conveniences of a real live town. This also would benefit immediately all those who lived along the route and the rest of you at a little later date. But keep in mind when some are benefitted a larger number receive dividends. In other words when you help your neighbor you are helping yourself.

I would help to do away with the irigation by ditches in town just piped water for the job. The surface water level in town would be much lowered. This one thing alone would do away with the fish ponds along the roads keeping them from being so boggy when wet and so bumpy when dry.

Raymond people have boasted of their cement side walks since 1926. Before that we had a few plank ones. So these new walks were a great improvement. But that was a long time ago. Some new walks have been added but not enough. You women of town would surely welcome new walks that would help to keep more of the dirt out of the house that the children collect on the way home from school. Three blocks of walk at least should be added every year. Then before long a walk would be past your door.

I have only mentioned a few of the improvements here but bear in mind the sewage, drainage and good water are funamentals in any progressive town. The fine buildings are beautifications that should be added after fundamentals. So let's get first things first.

The town council whoever they are cannot bring about the changes you want unless you tell them what changes you do want. Come out and vote the men that you want into council on Monday. Tell them what you want, then see to it that they give you the changes you desire. But keep in mind that you, every one of you will have to help them put it over and we will put Raymond on the map for an improved progressive town.

If you so choose I'll help you to put these planning words into action words.

W. S. Van Orman.

Gerald Gibb went to Calgary Wednesday morning on business and returned on Friday.

WE *have the Right to* SPEAK...

TO PLAN OUR FUTURE AS WE WILL

WE Canadians are democrats.

Adolf Hitler would never have had a chance in our country. The Fuehrer ranted and roared his way to leadership. His beer-parlour oratory impressed his countrymen . . . they were ready to be swayed, eager to be convinced. Here was a dictator's opportunity.

We Canadians don't do things that way. We don't like being led by the nose. We want to think for ourselves. We want to do things in our own way . . . to plan our future as we will. This is the way we have built Canada into the great nation she is today.

From a primitive land, uninhabited but for a few tribes of Indians, Canada — in a short 300 years — has grown from a *terra incognita* to one of the greatest trading nations of the world.

This has come to pass through the vision and pioneering spirit of our forefathers, through their determination, enterprise, self-reliance, and the deep-rooted knowledge that only through hard work, intelligently applied, can anything worthwhile be built.

We have made our war effort in the same way, contributiog in the struggle of the United Nations to a degree that has amazed everyone — Hitler included.

We are well into our stride in putting this war assignment over, and when Victory comes, we will face the problems of peace with the same determination to do things in our own way.

We have not reached our present place in the scheme of things without mistakes, and we will probably make mistakes in the future. But, as in the past, so in the future, we will profit by our errors . . . building sanely and steadily by individual determination and self-reliance to make life a strong and worthwhile thing.

WEEKLY LETTER

WHAT DO YO WANT TO KNOW

These weekly letters have been going out from the Lethbridge Experimental Station for years and sometimes we wonder if they are doing any good. It is rather easy to sit in an office, put on a thinking cap, and write a weekly letter about some subject in agriculture. But how many of those letters are read, do they give answers to questions that our readers have, do they give information that is helpful to our farmer friends? These are questions that sometimes set the little devil of doubt going in our minds.

The movie stars have their fan mail and are guided by that. We sometimes think this is foolish, that it is something to satisfy their vanity, and to a certain extent it is, but at the same time it does tell them whether their customers are satisfied. We don't want fan mail but we could do with a little indication of what information our readers desire most. We feel that there is little use continuing to write just for the sake of writing.

So how would it be if we got a little cooperation from our readers? At this time of the year many, if not most of you, have some time for meditation. No doubt you have problems that must be solved regarding your farming operations in general, regarding the operations for the coming season, or possibly even for a longer period in the future. And these problems are of interest to us entirely as well as from this weekly letter. We do not know the answers to all questions, we are continually working to find new answers, and the best way for us to know what we should be doing is for you to throw the questions at us. Then we can determine which are of greatest general interest and concentrate on finding the answers if we do not already have them. That's what we are here for, we can't know all the questions and problems unless you put them to us. So let's cooperate, and it may lead to mutual benefit.

Director
Line Elevators Farm Service
Winnipeg, Manitoba

A Good Plan

The wheat stem sawfly probably qualifies as the most serious controllable hazard in successful wheat production in the Prairie Provinces. We say "controllable" because, thanks to the admirable work of our entomologists, we know that losses may be very greatly reduced.

The defeat of wheat stem rust was achieved almost entirely by agricultural scientists. The farmer had only to purchase seed of rust resistant varieties. The wheat stem sawfly problem, at present, is different because control measures involve modifications of farm practice, and the farmer himself, in co-operation with his neighbours and with technical advisors, must do the job.

The Saskatchewan Department of Agriculture is, this year, embarking on an aggressive control campaign in the southwestern part of that province. Field supervisors have been appointed and they will work under the advice of Dominion Government entomologists and Experimental Farm personnel. If the farmers give this programme full support, it will succeed. If they don't, it will fail.

We gladly dedicate this article to the Saskatchewan sawfly control programme despite the fact that many of our readers are not actually involved. The same kind of organization would be admirably suited to several other problems. Indeed, in Manitoba, the control of leafy spurge is well under way as the direct result of an essentially similar plan.

This sort of work brings farmers, government officials and scientific agriculturists closer together: a much to be desired and long overdue state of affairs.

Johnny, who had been taken to the country for the first time, saw a spider spinning a web between two tall reeds. "Father," he called, "come and see this bug putting up a wireless."

* * *

The disgruntled shareholder was venting his wrath on the chairman of the company meeting.

"Sir," he said, "I think you're the biggest rascal running."

The chairman retained his dignity. "Sir," he said, "you forget yourself."

"Young man," said a woman of uncertain age from up New England way. "mind your own business; your friend is managing this holdup."

CHECK-UP AT BORDER POINTS UNDER N.S.S. REGULATIONS

The Minister of Labour, Hon. Humphrey Mitchell, announces that beginning February 1st, 1945, customs officers at border points have instructions not to allow any man to leave Canada if he requires permission from a Mobilization Board but fails to produce the necessary document.

Men in age groups designated under Mobilization Regulations can only leave Canada, regardless of the length of time they plan to be absent, with the permission of the Chairman or Deputy Chairman of a Mobilization Board.

The Minister points out that in order to avoid the inconvenience of being turned back at the border any men who are affected should first communicate with the Chairman of the Mobilization Board for their division.

Officials of the mobilization section of National Selective Service at Ottawa state that the regulation applies to all men from 18 to 31 yrs. of age (both ages inclusive) and to men who were not married at July 15th 1940 who are above the age of 31 years but have not passed their 38th birthday.

It was explained that in very rare cases, such as a hurried visit due to serious family sickness, a customs officer may permit a man to cross the border after very careful questioning— but that in almost all cases the rule will be rigidly enforced.

It was pointed out by Selective Service that the permission of the Chairman or Deputy Chairman of a Mobilization Board to temporarily leave Canada does not remove the necessity for having a labour exit permit where such a permit is necessary.

Commuters and those men who cross the border frequently while engaged at their work, as for example, workers in the transportation industry, will be required to have permission from a Mobilization Board in the same manner as other men, but these commuters and transportation workers will be allowed a few days to secure the necessary documents, and in the meantime will not be stopped from crossing the border.
